IMPACT: State

Summary of Legislation: This bill prohibits the Bureau of Motor Vehicles (BMV) from issuing a license to a licensed motor vehicle dealer for an offsite sale in a county other than a county in which one of the dealer's places of business (as listed in the dealer's license application) is located.

Effective Date: Upon passage.

Explanation of State Expenditures:

Explanation of State Revenues: Currently, the BMV may not issue an offsite sales license to a dealer for a sale outside a radius of 20 miles from the dealer's established place of business. This bill adds an additional restriction in that the sale must be conducted within 20 miles and within the same county as the dealer's place of business. This may reduce the number of offsite licenses issued. The fee for an offsite license is \$25.

Existing revenue from this fee is unknown because it is combined with other dealer licensing fees. Revenue from the fees is deposited into the following funds: Motor Vehicle Highway Account (40%); BMV (30%); State Police (20%); and the Attorney General (10%).
